Free shipping included! EleTab Dual Arm Monitor Stand - The height-adjustable VESA mount fits 2 computer screens 17" to 32" from EleTab in Sophies Class. MPN: ELTGM01-2. Rush! Limited-time offer. The offer is valid only until the stock is sold out. The Smart Swivel Motion EleTab monitor holder provides smooth, accurate and stable viewing angle adjustment for optimal viewing position. The adjustable arm offers $\pm 90^\circ$ tilt, $\pm 90^\circ$ swivel, $\pm 180^\circ$ speed and a height adjustment support from 6.3' to 16.2'. Multifunction holders for two EleTab monitors can increase flexibility in working methods. By lifting the monitor higher from the table, the home will give you more space on the table. And you can also share your screen with multiple people for a simple smart rotating Motion EleTab monitor mount providing smooth, accurate and stable viewing angle settings for optimal viewing position. The adjustable arm offers $\pm 90^\circ$ tilt, $\pm 90^\circ$ swivel, $\pm 180^\circ$ speed and support for height adjustment from 6.3 to 16.2. Multifunction holders for two EleTab monitors can increase flexibility in working methods. By lifting the monitor higher from the table, the home will give you more space on the table. And you can also share your screen with multiple people for easy viewing. Integrated cable management Allows cables to move freely when the screen is positioned and to maintain a clean cable arranged with removable cable clamps on the shoulders. Premium aluminium construction The EleTab monitor holder is built from high performance aluminium and high-quality mechanical al springs for optimal durability and aesthetics. Adjustable voltage The spring hover system allows you to move the height or angle of the monitor smoothly. Clockwise rotation (- direction) can reduce the voltage on the display and adjust it. By turning counterclockwise (+ direction), you can increase the voltage on the display and fix it. VESA detachable board Mounting monitors is a simple process with a detachable VESA console. We provide a step-by-step manual and the necessary tools & hardware for assembly. Robust C-clamp or Grommet Installation There is both a grommet and a table clamp. The C-clamp works with a table surface of 0.4 to 3.35 thickness. Grommet can be mounted on any table with a thickness of 4 or less. **[Ergonomic Comfort]** Dual monitor stand provides high stability settings and 360° turning angle adjustment meets the requirements of ergonomic and healthy working methods. **[VESA Compatible]** The monitor arm is suitable for mounting two 17-32-pound screens weighing 17.6 pounds and is compatible with 75 x 75 mm and 100 x 100 mm VESA. **[Cable Management]** Removable cable clamps maintain table top arranged, provide a clean table top and stylish look for the most comfortable working environment. **[Spring-assisted system]** Make the monitor rise and fall easily and steadily. Supports height or landscape monitor orientation for increased visibility and reduced glare. **[Robust and stable construction]** Heavy C-Clamp or Mount installation methods ensure stability stability display and avoid rattling and tilting.
